PROFILE

I'm a Front-End Developer with an inquisitive and analytical approach to solving problems who always thinks outside the box to find innovative solutions. My entrepreneurial mindset and technical sales experience gives me a well-rounded and insightful perspective, and helps me see the bigger picture.

SKILLS

HTML5	jQuery	REST APIs	Pair Programming
CSS3	React.js	Responsive Design	Leadership
SASS	Firebase	Git & Github	Communication
JavaScript (ES6)	Web Accessibility	Team Development	Agile Development

EDUCATION

JUNO COLLEGE OF TECHNOLOGY

Web Development Immersive Bootcamp (2020)
